History

- Greek empire in Reggio Calabria
- Roman empire in Calabria
- Important historical monuments in Reggio
- How Reggio got independence

★NATURE★

In general

- highest number of trees in Italy (54,5%).
- part of the Reggio Calabria basin
- extends over a predominantly alluvial and delta type surface
- the numerous rivers that run through the territory.

★Plants★

-Asparagus

Bergamots

★Fruits★

The clementines according to the most accredited hypothesis, it would be a cross between mandarin and bitter orange and it is a very sweet fruit.

The Culture

A typical food for holidays in Reggio. They're called "Petrali".

Every 2nd of September we celebrate "Festa Madonna". It lasts one week. Before the virus there was a very big lunapark!

These are the traditional giants of Calabria, Mata and Grifone.

Art in Reggio

- The **Riace Bronzes** are a pair of bronze statues, rescued from the **Ionian Sea** near Riace Marina.
- the nude male figures represent two **warriors** and they are considered masterpieces of **Classical Greek** sculpture.
- National Archaeological Museum.**

Art in Reggio

-The **Head of the Philosopher** of Porticello is a bronze sculpture found in the 1969 in the sea of **Porticello**.

-There are no **elements** to accurately identify the old man in Porticello's portrait: he could be a **man of letter** or a **thinker**, but the nickname of “**philosopher**” is to be understood in a conventional way.
